

## Add/Remove Lights/Appliances in an Existing Group User Guide

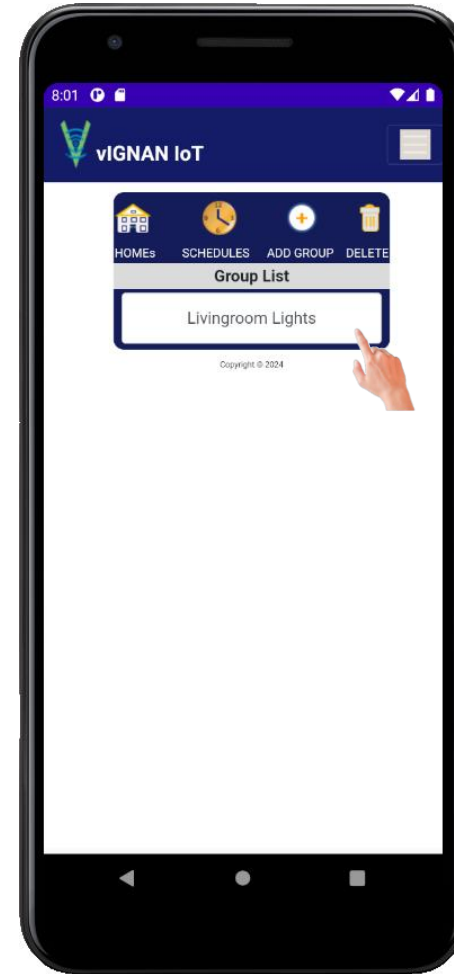

# Add/Remove Lights/Appliances in an Existing Group

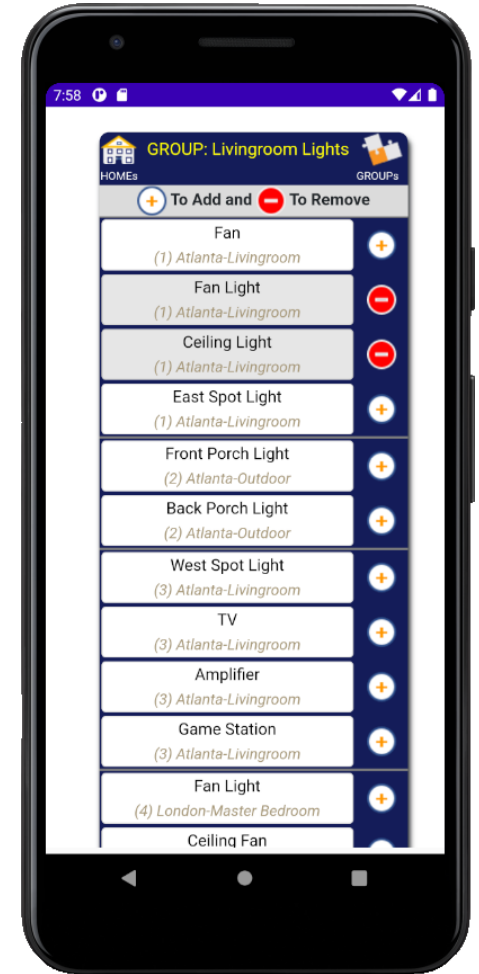

Click on the accordion drop-down menu  
→ "Manage" → "Manage Groups"

Click on "List Groups"

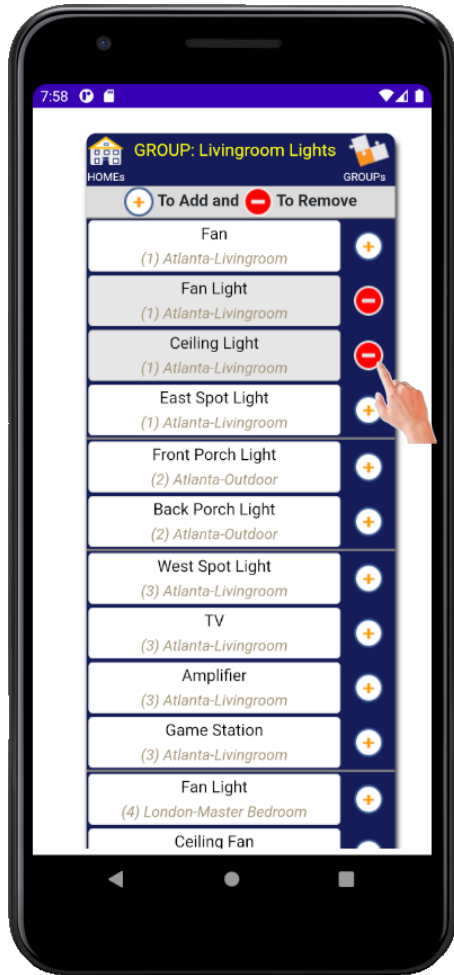

Click on "Livingroom Lights" Group

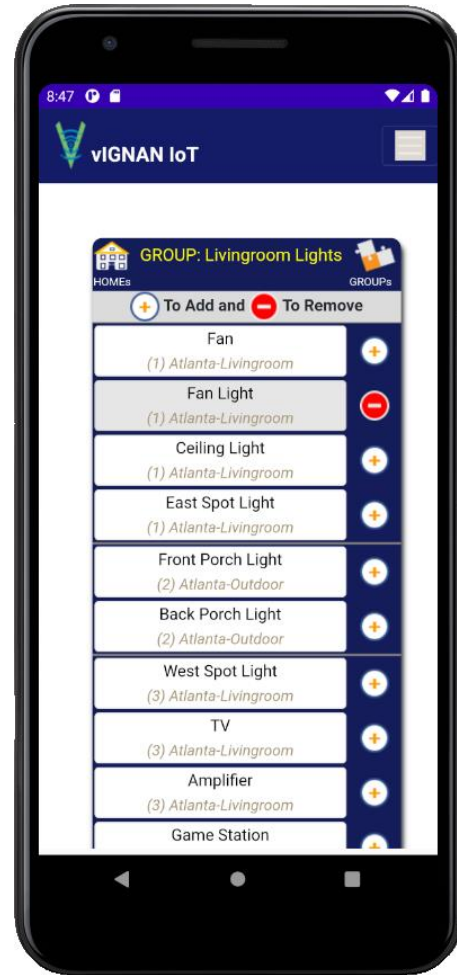

Lights already in the group are  
listed with "minus" sign against  
them and those with "plus"  
sign are not in the group

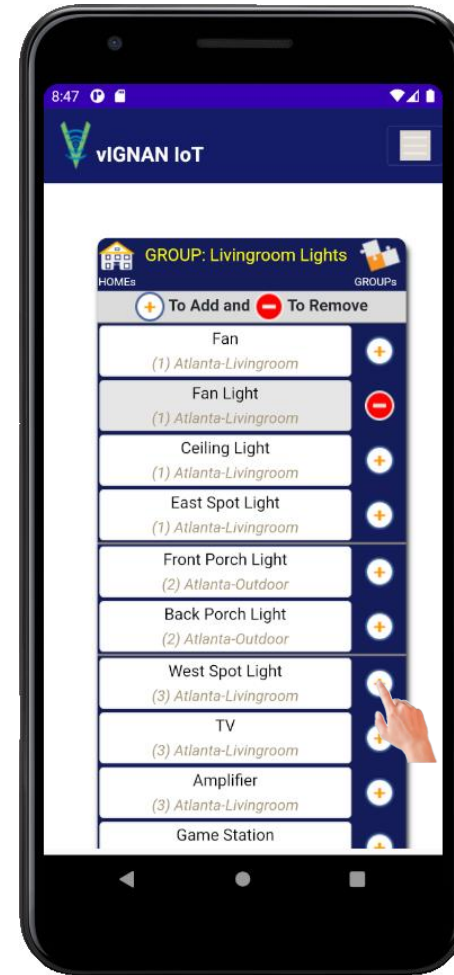

# Add/Remove Lights/Appliances in an Existing Group

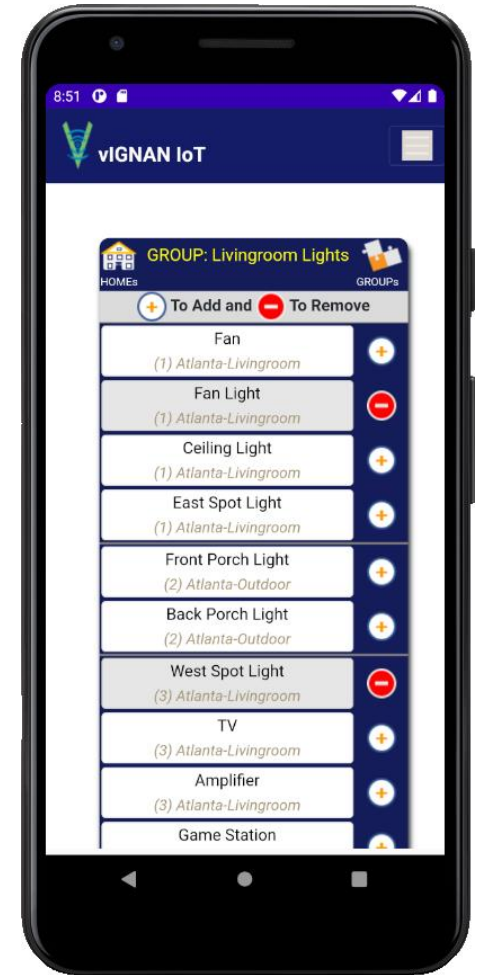

Click on the minus sign against the switch/light name to remove the device from the group

"Ceiling Light" removed from the group  
**Note:** Minus changed to plus sign against "Ceiling Light"

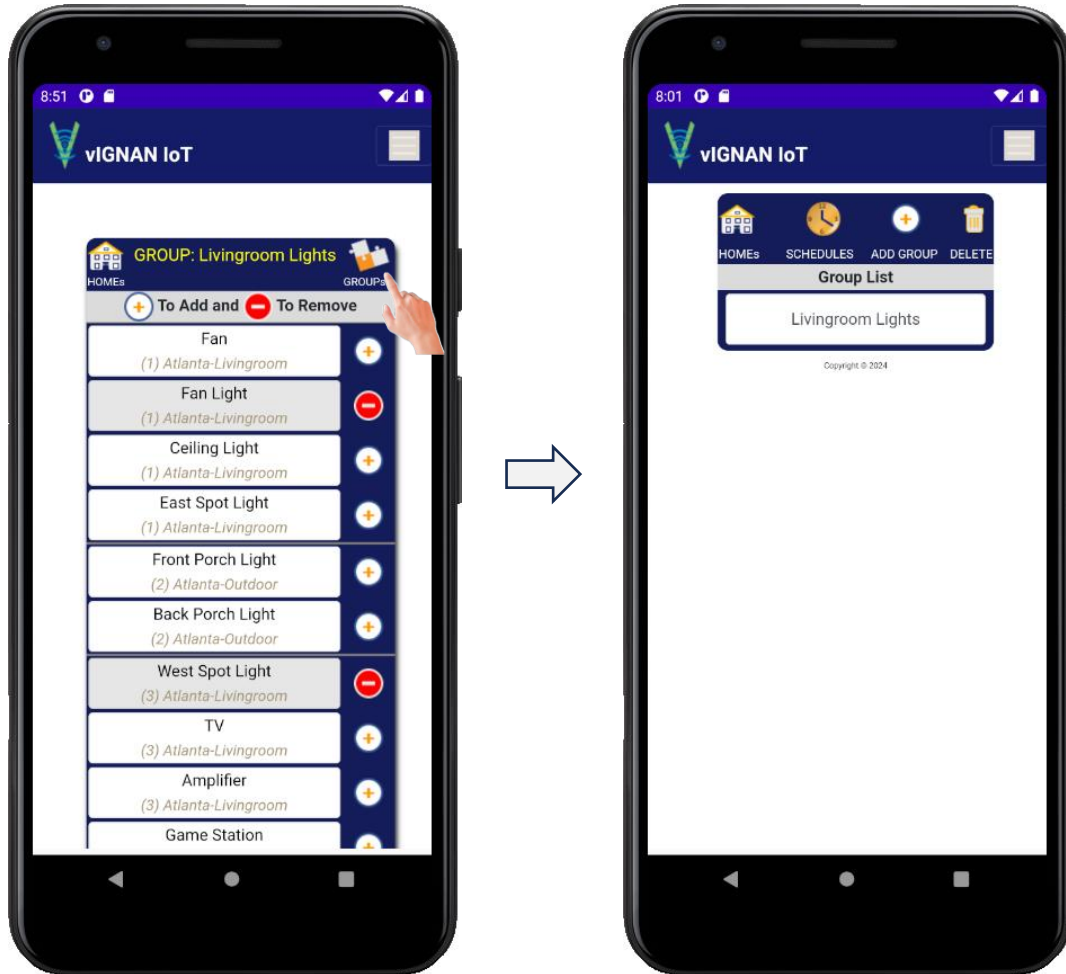

Click on the plus sign against "West Spot Light" to add in the group

"West Spot Light" added in the "Livingroom Lights" group  
**Note:** Plus changed to minus sign against "West Spot Light"

# Add/Remove Lights/Appliances in an Existing Group

Click on the "Groups" icon to go back to the list of groups

*Congratulations!*

*You successfully added "West Spot Light" and removed "Ceiling Light" from an existing group namely "Livingroom Lights"*

*\* Group name and lights/appliances names are used as an example for this user guide. User can give names of their own choice.*

# *Congratulations!*

*This concludes the "Add/Remove lights/appliances in an existing group user guide*
