

Create More Homes User Guide

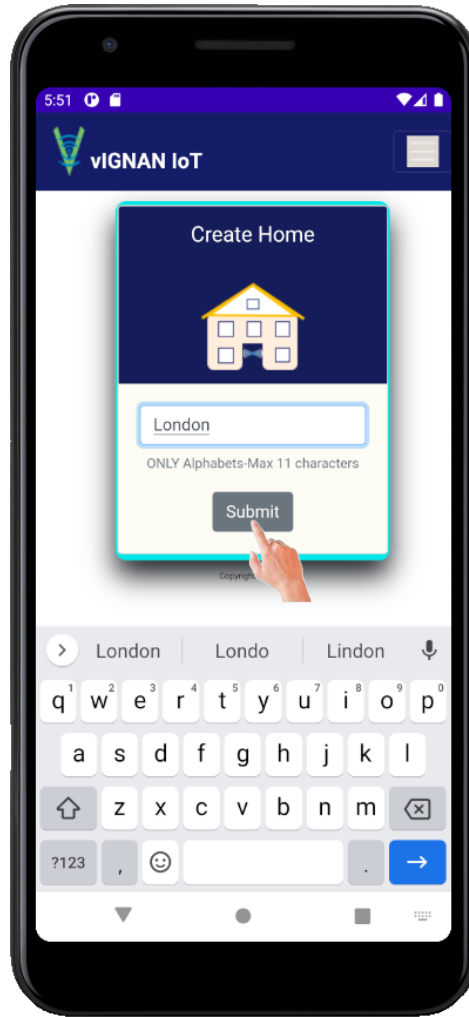

1

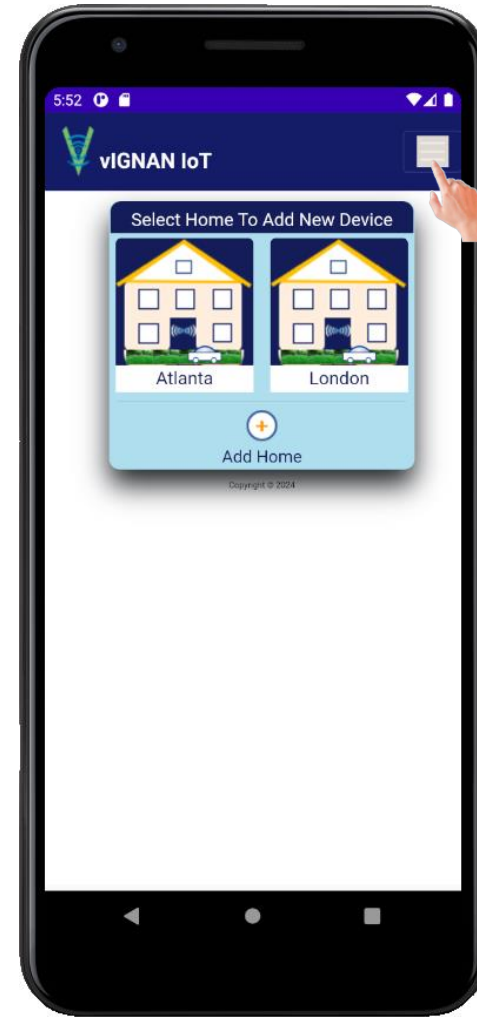

Click on "Add Home"

2

Type name (Example: London)
and click on Submit button

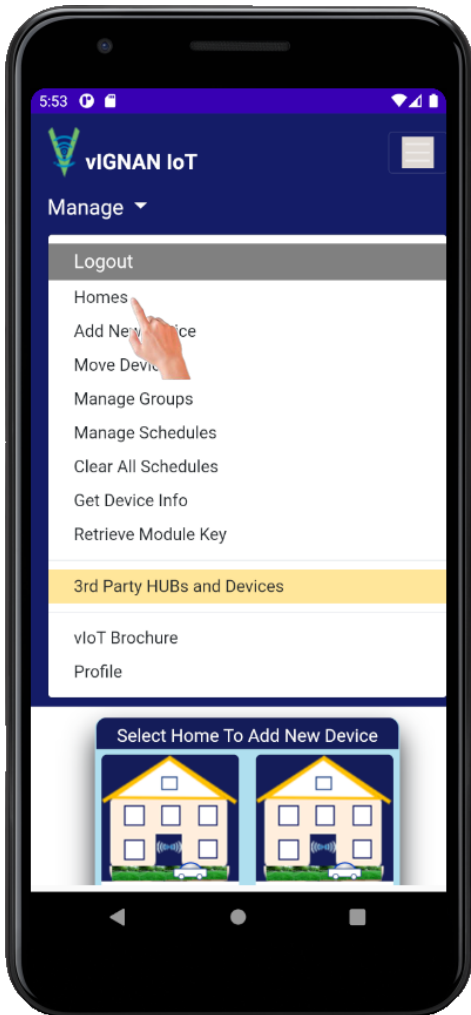

3

To list the homes → Click on the
accordion drop-down menu

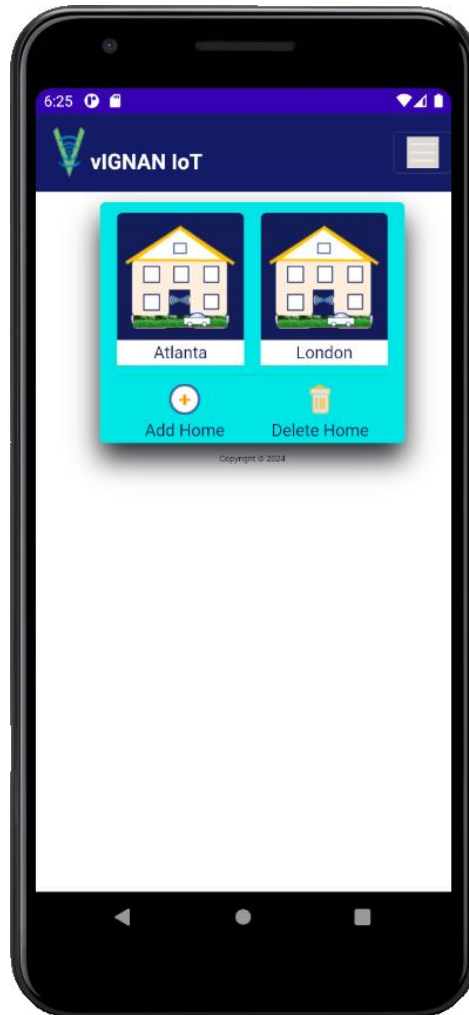

*This screen gives an option to
add another home or to add
room and device in a home*

4

Click on "Homes"

5

List of Homes displayed

Congratulations!

*You successfully created a new Home
which in this example is "London"*
