

## Edit Switch/Light/Appliance Name User Guide

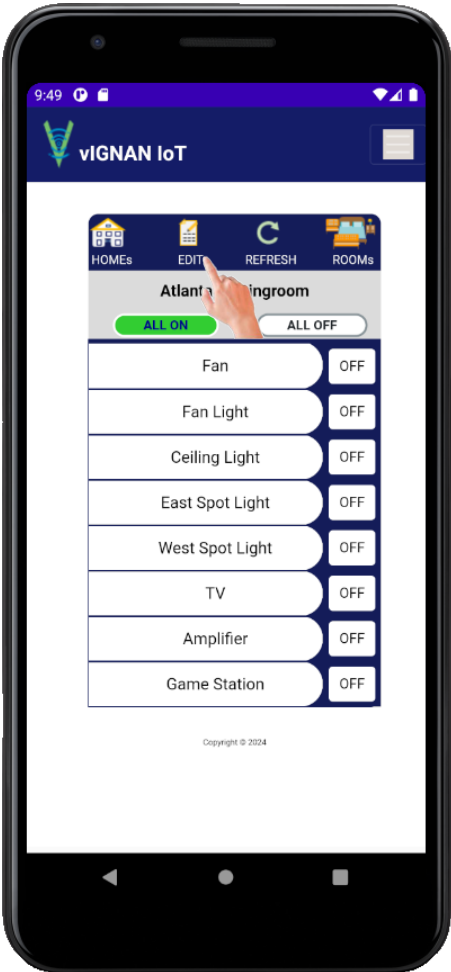

# Edit Switch/Light/Appliance Name

Select the Home  
In this example, we choose Home: "Atlanta"

Click on "Livingroom"

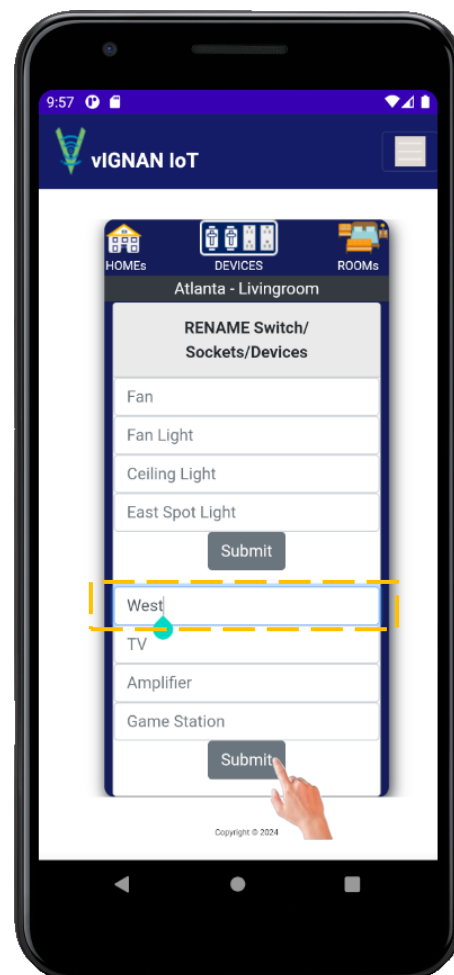

Click on "Edit"

# Edit Switch/Light/Appliance Name

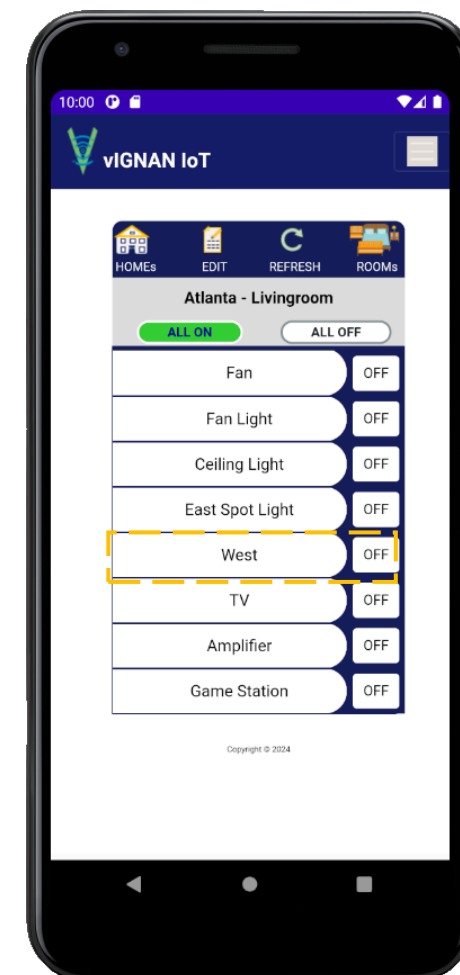

**NOTE:** You can change multiple or all switch/light/appliance names on the same "vIoT Smart Device" in single attempt, too.  
Example below is of changing a single light name.

In example above: 2 "vi4T" smart devices are listed with existing light names (see dotted-line highlighted boxes)

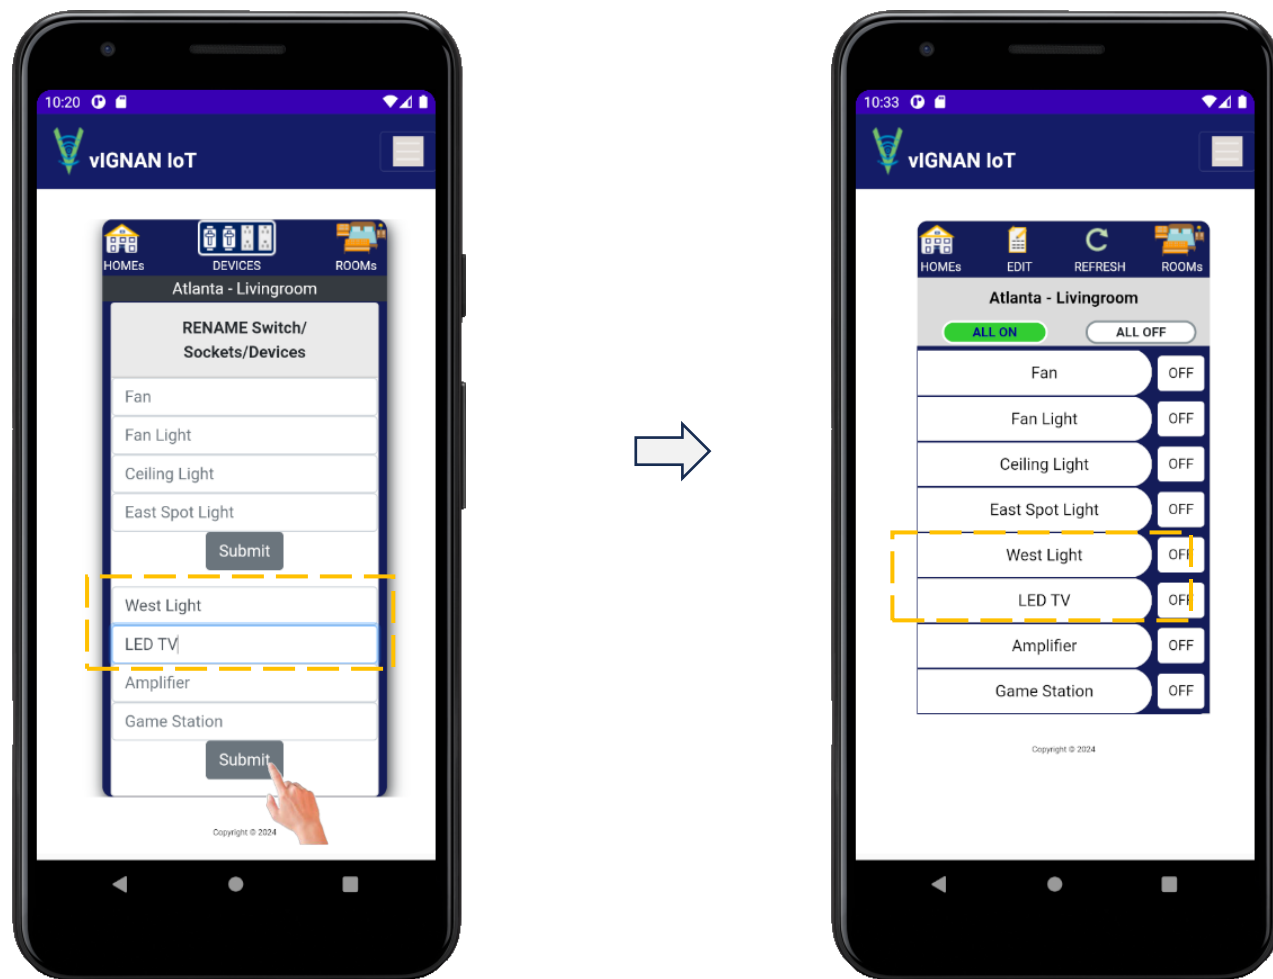

Type new name for the switch/light/appliance you want to change.  
**Name Change:** Change "West Spot Light" to "West" and click Submit

"West Spot Light" is now changed to "West" (see yellow dotted line box)

# Edit Switch/Light/Appliance Name

**NOTE:** Example below changes multiple names on the same "vIoT Smart Device" at the same time.

Changing more than one name on the same  
vIoT device (see yellow dotted line box)  
**Name Change:** Change "West" to "West Light"  
and "TV" to "LED TV" and click Submit

"West" is changed to "West" and "TV"  
to "LED TV" (see yellow dotted line box)

*Congratulations!*
